

## HOW DO I RECORD A CONTRIBUTION IN LANGBLOG? RECORDING A VIDEO

Langblog is a blog for recording and uploading video and audio contributions. This tutorial shows how to **RECORD A CONTRIBUTION IN VIDEO IN REPLY TO AN ACTIVITY PUBLISHED BY THE TEACHER**. These are the steps to follow to record a contribution:

**1.-** Open the activity you want to record your contribution by clicking on "Activities" on the left of the Home page in LANGblog.

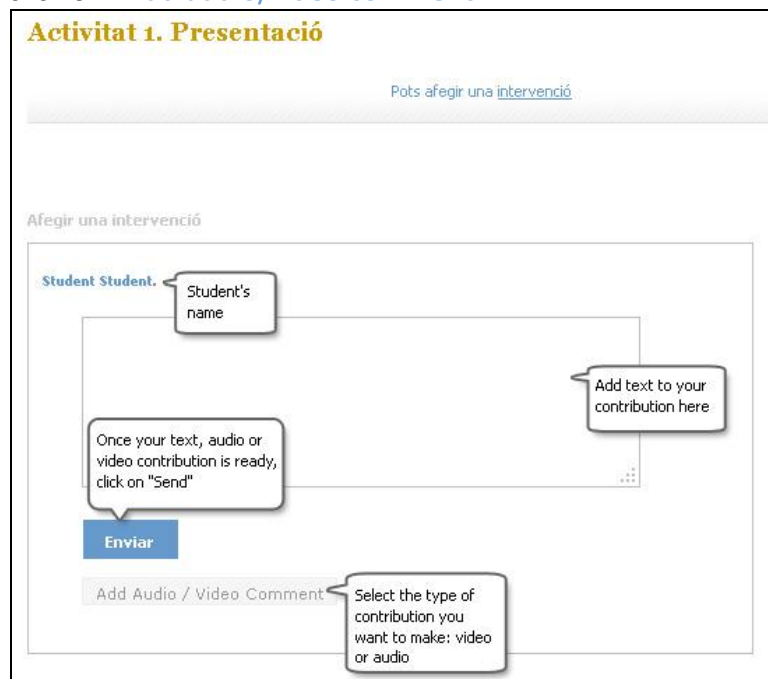

The screenshot shows the LANGblog interface. The top header includes the 'langblog' logo and the 'speakapps' logo. Below the header, there is a navigation bar with the text 'Inici > > Voorbeeld pagina'. The left sidebar contains a menu with the following items: 'TASQUES' (with a dropdown arrow), 'Activitat final', 'Activitats', 'Presentació', 'AJUDA' (with a dropdown arrow), 'Administ', and 'LANGblog support'. A tooltip next to 'TASQUES' says 'Activities organised in categories'. Another tooltip next to 'AJUDA' says 'Access to LANGblog Help blog'. Below the menu is a search bar with the text 'Cerca' and a magnifying glass icon, and a placeholder text 'Cercar ...'. The main content area has a date 'Per el dia 18 gener 2012' and a title 'Voorbeeld pagina'. The text below the title reads: 'Dit is een voorbeeld pagina. Het verschilt van een sitebericht omdat het zich op een vaste plaats bevindt en getoond wordt in je sitenavigatie (in de meeste thema's). Veel mensen starten met een Over pagina waarmee ze zich introduceren bij de site bezoekers. Het kan iets vertellen als dit:'. Below this is a sample text: 'Hallo allemaal! Ik ben overdag postbezorger en 's avonds houd ik me bezig met acteren. Ik woon in Amsterdam en heb een tekkel met de naam Hecktor en houd van sterke koffie'. Below the sample text is the text '...of iets als dit:'. Below this is another sample text: 'De XYZ vereniging is opgericht in 1971 en levert kwaliteit aan de leden. De vereniging kent sinds de oprichting meer dan 1000 leden, waarvan vele vrijwilligers taken op zich nemen om XYZ te laten bestaan.'. Below the sample text is the text 'Als nieuwe WordPress gebruiker, ga naar [je dashboard](#) om deze pagina te verwijderen en maak nieuwe pagina's voor je site. Veel plezier!'. At the bottom right of the main content area is an 'RSS' link.

**2.-** The activity your teacher published is now visible. You can add your contribution by clicking on "You can post a contribution".

You can make three types of contribution: text, audio or video. In this tutorial, you can see how to make a video contribution.

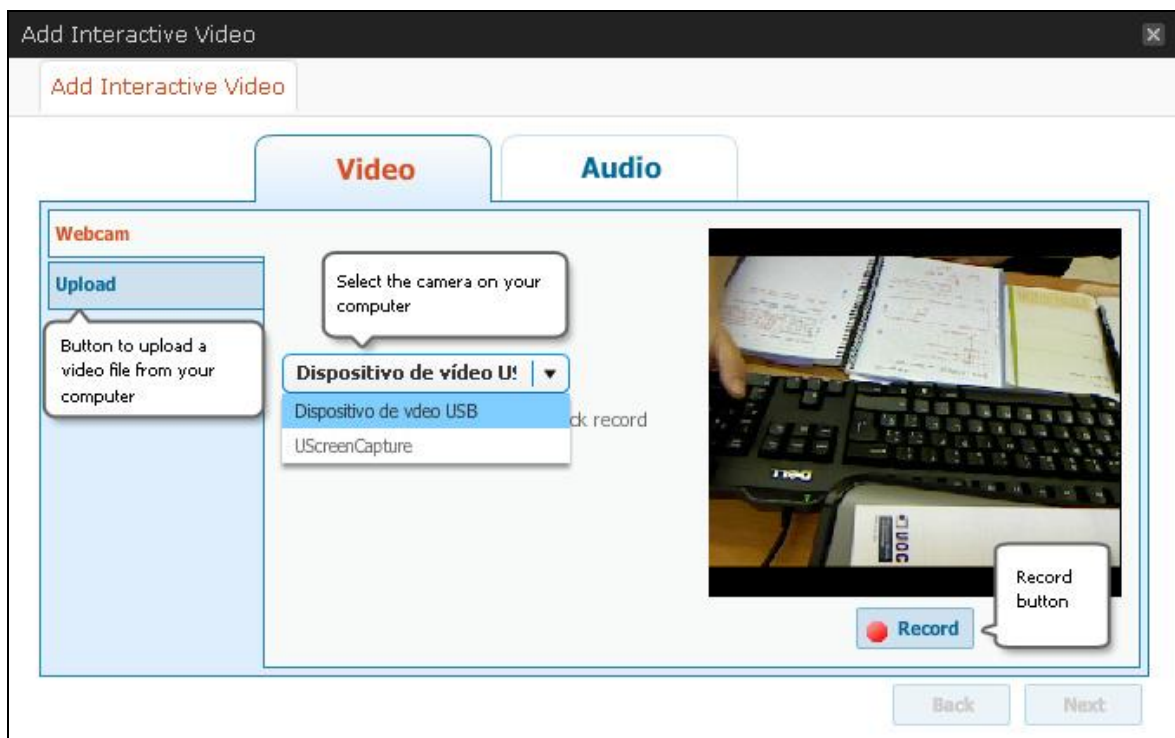

3.- In this screen, click on “Add audio/video comment”.

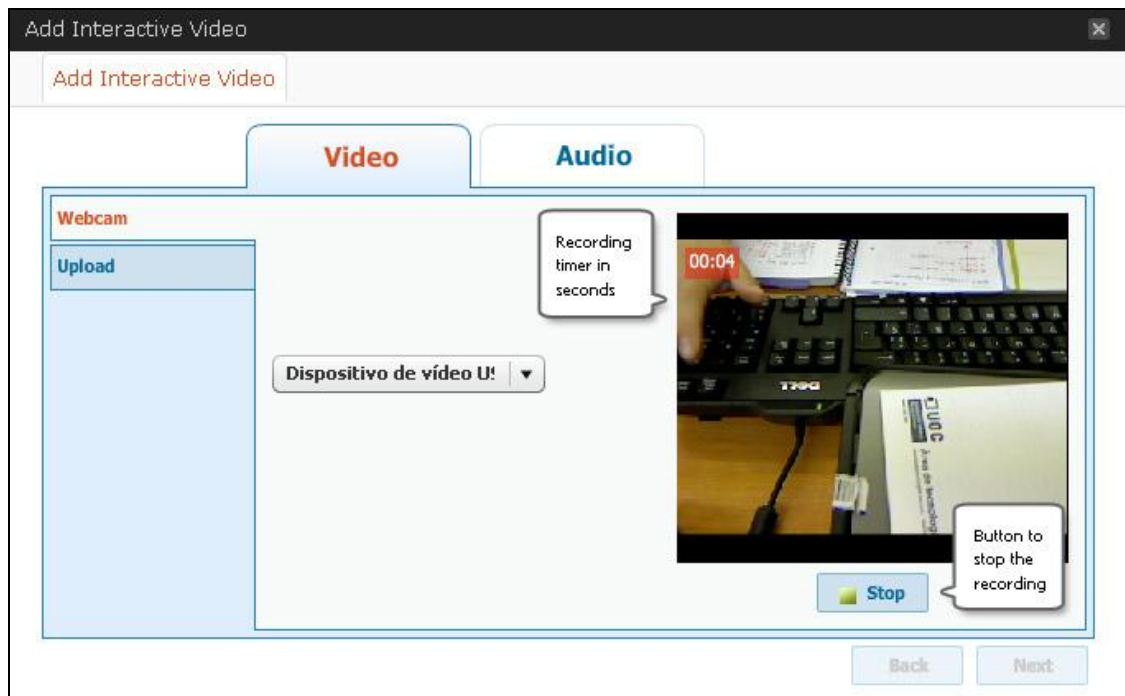

4.- You will see a window asking for permission to use your computer's camera or microphone. Click on "Allow".

5.- Now you can record your video by selecting your camera and clicking on the button "Record".

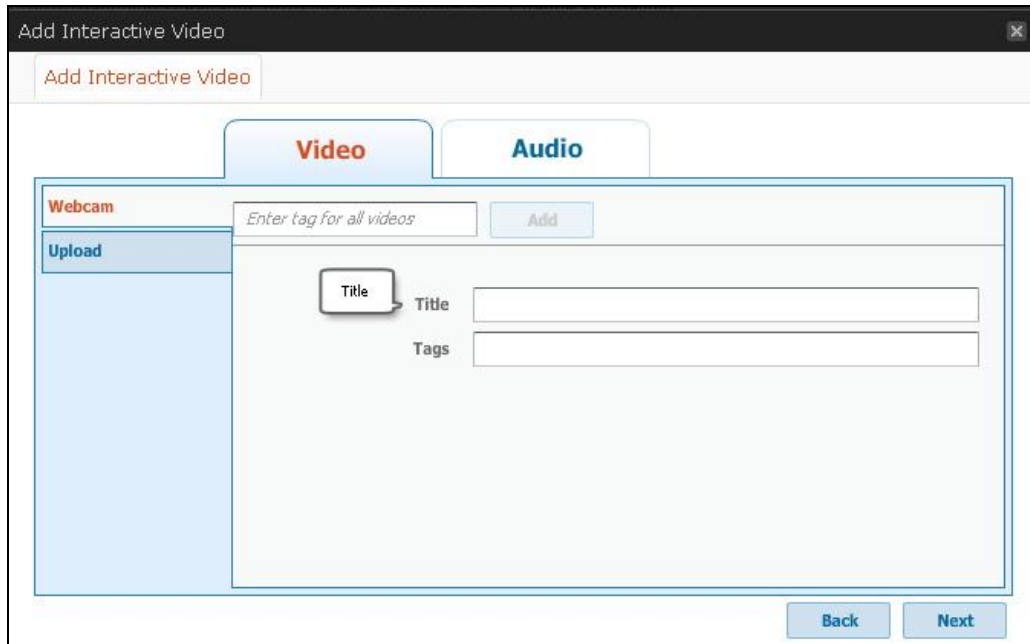

You can see the recording time while you are making your recording and stop it when necessary by clicking on "Stop".

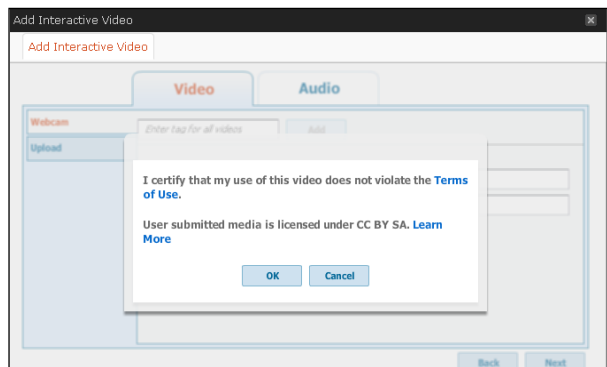

6.- When you stop recording and before you publish, you need to preview your recording by clicking on “Play”, so you can confirm what you've recorded is what you want to publish. You can record again by clicking on “Record”. Once you are happy with the recording, click on “Next” to continue.

7.- The next screen asks for a name for the recording. Put the title and click “Next” to continue.

8.- In this screen, click “OK” to accept the conditions.

You may get a window like the one in the image in which the system asks us you to wait while your contribution is published. Wait for the screen to change automatically.
